

RESOLUTION # 458

**RESOLUTION OF THE CITY COUNCIL OF THE CITY OF AMADOR CITY
REPEALING RESOLUTION # 289**

WHEREAS, Amador City Resolution # 289 passed on November 14, 1991 mandated the City of Amador City to reserve the use of the sewer facility for parcels located inside the city limits and deny hook-up applications for those parcels located outside the city limits in order to preserve limited sewer capacity for residents, and

WHEREAS, since that time the equipment, operation, and management of the Amador City sewer plant has been changed for the better, and

WHEREAS, in 2002 there was a "sewer system spill" report prepared for the City which gave the present capacity of our sewer plant at about 400 equivalent single family connections, and

WHEREAS, at this time there are fewer than 100 equivalent single family connections,

NOW THEREFORE, BE IT RESOLVED, that the City Council does hereby repeal Resolution #289. Further, that the City Council recognizes its duty to provide sewer service first to parcels within Amador City and second to parcels outside the City. Also, that studies and reports regarding the condition and capacity of the sewer system are essential for good decisions regarding the sewer system and must be conducted in a prudent manner and schedule. With the foregoing established, let it be known that future circumstances may dictate a return to a policy of "no outside hook-ups".

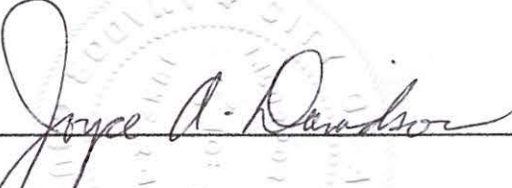

PASSED AND ADOPTED , by the City Council of the City of Amador City, County of Amador, State of California, on the 15th day of September, 2005 by the following vote:

Ayes: McKenna, Dittman, Knox, ~~Stevens~~

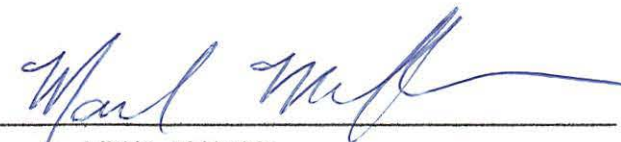

Noes: ~~None~~ STEVENS
